SUMMARY

Frontend Developer with experience building and deploying real websites through internship and part-time roles. Skilled in React, TypeScript, and responsive UI development, with a strong focus on usability and cross-browser compatibility. Seeking a junior frontend role to grow while building scalable, user-centric web applications.

TECHNICAL SKILLS

- **Frontend:** React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Responsive Design, Cross-Browser Compatibility
- **Backend:** Python (Django), Node.js, PHP, REST APIs, SQL
- **Tools:** Git, GitHub, GitHub Pages, Tableau, Matplotlib

EDUCATION

- **Multimedia University (MMU)** Cyberjaya, Malaysia
Bachelor of Computer Science (CGPA: 3.3 / 4.00)
Expected Mar 2026
- **Dean's List Recipient**

EXPERIENCE

- **Urban Sea Enviro** Malaysia
Web & Business Project Associate (Remote, Part-Time) Jun 2025 – Present
 - **End-to-End Website Development:** Led the website lifecycle from requirements gathering and UI/UX collaboration to development, testing, and deployment, delivering the company's corporate website
 - **Responsive UI Implementation:** Built responsive layouts that improved usability and supported the company's online presence
 - **Competitor Research:** Conducted competitor research to help improve website positioning and user journey
- **Intertek Saudi Arabia** Remote
Web Developer Intern Nov 2024 – May 2025
 - **Fantasy Partners Project:** Developed responsive website pages using HTML, CSS, JavaScript, and PHP, implementing navigation, forms, and dynamic content while ensuring cross-browser and mobile compatibility.
 - **Frontend Development:** Built and styled responsive web pages using HTML5, CSS3, and JavaScript with a strong focus on usability and performance.
 - **Backend & Deployment Exposure:** Worked with Python (Django) and PHP for server-side functionality and assisted in deploying websites using modern tools.
 - **Version Control & Collaboration:** Collaborated with team members using Git and GitHub and followed structured development workflows on real client projects.
- **IT Society, Multimedia University** Cyberjaya, Malaysia
Skills Development Team Member Nov 2024 – Nov 2025
 - **Technical Workshops:** Organized and led Git and GitHub workshops to strengthen students' practical development skills.
 - **Event Collaboration:** Worked with team members to deliver hands-on technical sessions and peer-led learning activities.

PROJECTS

- **Responsive Portfolio Website**
 - **Frontend Development & Deployment:** Developed and deployed a personal portfolio using React and TypeScript with a fully responsive design, hosted on GitHub Pages.
- **Urban Sea Enviro Corporate Website**
 - **Corporate Website Development:** Designed and developed a multi-division corporate website using HTML, CSS, JavaScript, and PHP, including sitemap planning, user flows, and responsive pages.
- **Bilingual Mental Wellness Web App**
 - **RTL UI & Interactivity:** Built a responsive English/Arabic web app with RTL support featuring interactive mini-games, animations, timers, and progress tracking.
